■ About the OECD

The Organisation for Economic Co-operation and Development (OECD) is an international organisation that works to build better policies for better lives. Its goal is to shape policies that foster prosperity, equality, opportunity and well-being for all, drawing on almost 60 years of experience and insights to better prepare the world of tomorrow. Together with governments, policy makers and citizens, we work on establishing international norms and finding evidence-based solutions to a range of social, economic and environmental challenges.

■ About the OECD Due Diligence Guidance for Responsible Supply Chains in the Garment and Footwear Sector

The [OECD Due Diligence Guidance for Responsible Supply Chains in the Garment and Footwear Sector](#) establishes a common understanding of due diligence in the sector to help companies meet expectations on due diligence laid out in the OECD Guidelines for Multinational Enterprises (OECD Guidelines). The OECD Due Diligence Guidance, which was developed through a multi-stakeholder process, was approved by all governments adhering to the OECD Guidelines and endorsed by business, trade unions and civil society. It is a direct response to the G7 Leaders' Declaration on 7-8 June 2015 in Schloss Elmau which welcomed international efforts to promulgate industry-wide due diligence standards in the textile and ready-made garment sector. The Guidance is applicable to all companies – large and small – operating in global garment and footwear supply chains.

■ About the OECD Forum on Due Diligence in the Garment and Footwear Sector

The OECD Garment Forum convenes over 500 representatives from government, business, workers and civil society to discuss key issues and risks related to due diligence in global garment and footwear supply chains in a neutral environment. A common denominator of the discussions is the OECD Due Diligence for Responsible Supply Chains in the Garment and Footwear Sector. The OECD Forum pushes the needle by focusing on challenging processes and issues related to due diligence and driving towards solutions. The Forum also plays a role in supporting alignment across governments and industry initiatives on expectations of business.

■ Chatham House Rule

The Forum will be held under the Chatham House Rule *"When a meeting, or part thereof, is held under the Chatham House Rule, participants are free to use the information received, but neither the identity nor the affiliation of the speaker(s), nor that of any other participant, may be revealed."* This rule applies to social media.

■ Practical information

11-13 February 2020 | OECD Conference Centre

In light of increased security measures, you must pre-register for the meeting and print your validated registration to access the OECD reception area. On arrival, you must register at the Reception desk to obtain a visitor's badge. Please bring photo identification with you. **Please arrive well in advance of the start of the session start time to allow sufficient time for the formalities.**

A QR code will be automatically sent to all registered participants by email on Monday 10th February. Access to the OECD Conference Centre will be granted upon showing a printed or a mobile version of the QR code and the participant's passport.

■ DAY 1: TUESDAY, 11 FEBRUARY 2020 | Pre-Forum sessions

OECD PRE-FORUM EVENTS

9:00 – 18:00	OECD Workshop on Microplastics from synthetic textiles in the Environment: Knowledge, Mitigation and Policy (CC 10) Policy makers need tools and instruments that contribute to effective mitigation of microfibres in the environment. This workshop – by invitation only – will gather a range of stakeholders to discuss cost-effective solutions and policy recommendations across the textiles chain – from fabric design and production, through to disposal and wastewater treatment. Outcomes from the workshop will be shared at the Forum on Wednesday 12, February. Read more.
11:00 – 18:00	Roundtable for policy makers on responsible garment & footwear supply chains (Chateau Room D) This Roundtable – by invitation only – is open to policy-makers and inter-governmental organisations.

PARTNER PRE-FORUM SESSIONS

Partner sessions are not organised by the OECD and therefore may not reflect the views of the OECD.

14:00 – 15:30	Decent work, transparency & traceability in the garment Sector (CC 24) <i>Organised by the ITC</i> This session will explore real cases of progress and action promoting decent work, transparency and traceability within the context of the EU multi-year collaboration with the ITC. It will include highlights from private-public innovative initiatives, tools & methodologies.
15:00 – 16:30	Social dialogue in the 21st century (CC18) <i>Organised by the New Conversations Project</i> This meeting will provide evidence on where changes are taking place in practice regarding meaningful social dialogue in the apparel sector and where gaps remain. It will draw from the findings of the forthcoming book by New Conversation's Project, academic director Sarosh Kuruvilla on private regulation as well as recent research across 10 countries.
16:00 – 18:00	Roundtable : Scaling and streamlining collaboration through better data sharing (CC 24) <i>Organised by the Open Apparel Registry</i> This roundtable discussion will be a lively deep dive into how best to share supply chain data in order to move the apparel industry beyond transparency for transparency's sake. How is data being used to improve conditions in supply chains, and what are the challenges facing organisations disclosing data?
17:30 – 18:30	Bangladesh RMG: Today and beyond (CC 16) <i>Organised by the Government of Bangladesh and the Bangladesh Garment Manufacturers and Exporters Association</i> This meeting will present the government and industry vision for a responsible garment supply chain in Bangladesh.

■ DAY 2: WEDNESDAY, 12 FEBRUARY 2020 | Forum sessions

Sessions with titles in blue are organised by partners and may not reflect the views of the OECD.

8:30 – 9:45

PRE-FORUM BREAKFAST SESSION

Investor action on living wages: Advancing better value distribution in the garment and footwear supply chain through meaningful engagement (CC 10)

Partner: Platform for Living Wages

During this breakfast session, investor-members of the Platform Living Wage Financials (PLWF) will introduce their proprietary methodology to assess investee companies on living wage and track their progress. They will share the 2019 assessment results of garment & footwear companies on living wage and the trends and concrete improvements the investor coalition has seen since 2018. Which companies have improved the most? Which multi-stakeholder collaborations are most apt to facilitate sector-wide improvement? Along with the audience, the PLWF will discuss how the coalition could expand its impact, activate the financial sector on its role in promoting living wages and, ultimately, ensure better value distribution in the garment & footwear supply chain.
