

A CEO's Integrity Agenda: Risk Management and Business Integrity

Date: 04 March 2019 (Monday)

Schedule: 9:30 a.m. to 11:30 a.m.

This is a CEO-level workshop focused on corporate governance and business integrity. This two-hour event shall provide a space to discuss the role of CEOs in setting the anti-corruption and good governance directions of the company in order to manage risks. A business case shall be presented to inspire discussion on new approaches at implementing and strengthening integrity-related components of the Corporate Governance Code (including internal control, risk management, internal audit and reporting, among others).
